

Poll 1: What thematic area are you more interested in?

- Total participant responses: 25

Poll 2: What are the most important issues to you?

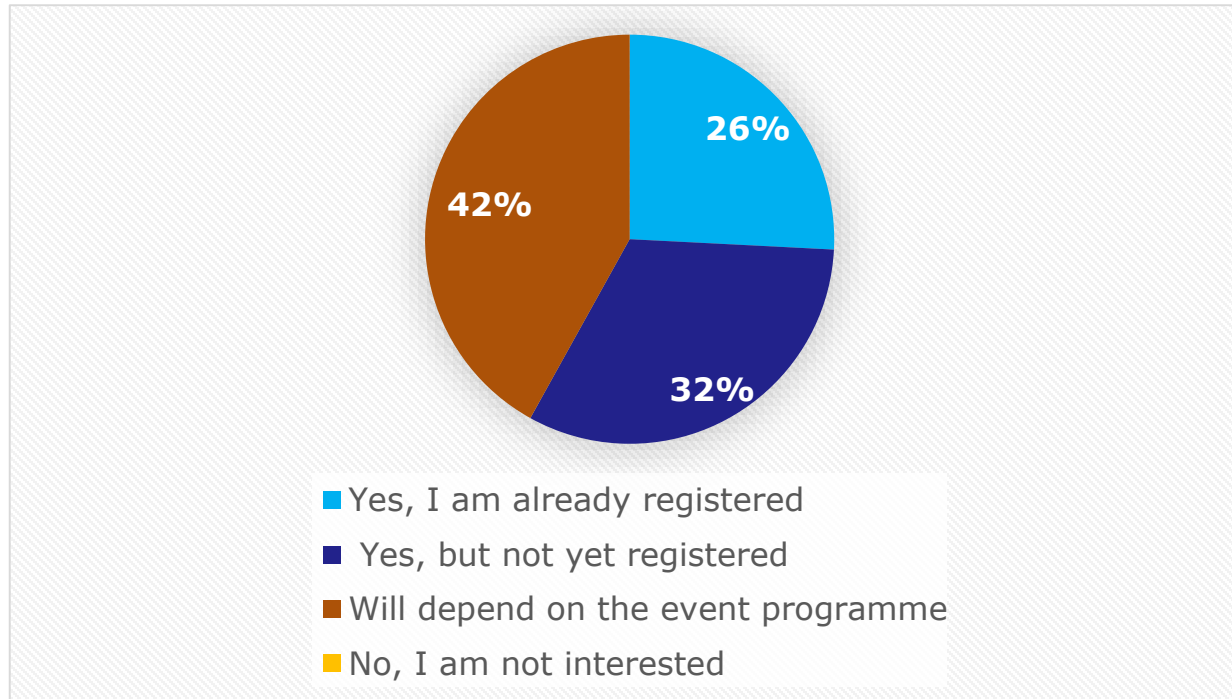

- Total participant responses: 36

Poll 3: What are the most urgent issues for you in the field of energy research?

PARTICIPANT RESPONSES	
Integration of intermittent renewables	Prosumer
Energy storage	RES-E tenders
Market design	Future of DSOs
Microgrids and decentralised energy systems	Enhanced Oil Recovery (EOR)
Power quality	Legislative frameworks and policy
Smart technologies	Applied innovations
Energy efficiency	Carbon Capture and Storage (CCS)
Build bridges between universities and the labor market	Late life fields (Oil & Gas)
Targets of energy research	

- Total participant responses: 11

Poll 4: Are you interested in participating in the upcoming energy clustering events?

- Total participant responses: 31
